

CIA Class Updated Dox

As many may know, CIA was doxed and swatted about 2 years ago. Ever since, he has moved houses and decided to hide. But he was caught on a Comcast home connection making this dox easy as hell his name is Bradley Anderson. His last name used to be referred as Maya but that was his old last name from his mother.

This dox contains the most recent and updated information. Thanks to the crew for finding this, his family is rich so we won't disclose any credit due to them acting quickly
